SOUTH BAY LOS ANGELES 350 CLIMATE ACTION
JOIN US ON THE BEACH!

South Bay
350
Climate Action Group

Be Part of the Amazing Waving Human Tide Line!

Join your friends and neighbors from throughout Los Angeles on the beach in the beautiful South Bay and demonstrate our community's support for 350.org and a clean, liveable climate. Help us show the whole world the risks of sea level rise if CO2 levels keep rising above the safe 350 ppm limit.

People in over 1,500 communities in more than 110 different countries will be participating on Saturday, October 24, 2009 and adding their voices to the call for a 350 target at the UN's Copenhagen climate conference. Add YOUR voice too!

Members of the Environmental Priorities Network, Greenpeace, VOICE, Heal the Bay, Surfrider Foundation, Oxfam USA, EcoMedia, League of Women Voters, Citizens Climate Lobby, the City of Manhattan Beach, the South Bay Environmental Services Center and many other groups in favor of a clean climate have formed the South Bay 350 Climate Action Group and invite you to be there with us.

JOIN US at the Manhattan Beach Pier in Manhattan Beach at 3:00 PM and we'll stretch out on the beach as far as we can go up and down our still beautiful coast. It will be a fun, inspiring, family-friendly experience you won't want to miss. Be there and be a part of the world's largest climate action in history!
